

Shweta is currently working in Embibe as a Devops Engineer. She has done her Masters in Aerospace Engineering from IIT Kanpur. She is inspired by the life story of Kalpana Chawala and Dr. A.P.J Abdul Kalam. It became a dream to pursue a professional career in aerospace engineering and therefore she decided to obtain a bachelor and masters' degree in the same field of engineering. During her masters', she was part of "Industry Academia Collaboration". She has worked with a campus housed start-up known as "VTOL Aviation". As a student researcher she was exposed to various latest technologies and also got a chance to work with brilliant minds of the nation. She has worked with people having very vivid background ranging from ISRO to DRDO. After working for six months at FarePortal Pvt Ltd. she switched jobs and at present she is working at Embibe which is an AI powered learning platform. She is passionate about her work.
