Vishal Vyas is currently working in O9 Solutions Management Pvt Ltd as a Software Engineer. He has pursued his undergraduate and masters degree in the field of Aerospace Engineering. During his stay at IIT Kanpur, he has worked on various research problems which involves study of turbulence over aircraft wing. He had secured an all India rank of 63 in GATE 2018. He was awarded with a gold medal in BTech for securing highest marks in his batch. As a child, he aspired to become a great teacher like his father but destiny had written something else for him. Yet he is passionate about teaching. His hobbies are playing chess and listening to podcasts.
