

Dr Neeti did her schooling from CJM and graduation from LHMC and my post graduation , did my senior residency from Dr R.ML Hospital and since then for the last 30 yrs she has worked at Dr RML hospital , and today is the Head of the Department.

It's being an amazing journey where she has learnt so much, not only professional skills but socially evolved as a better human being.

She is specializing in Laparoscopic and Cancer Surgery. Also involved in medical research and looking after the administration of the 2nd largest department of the hospital Her other interests include acting swimming playing badminton and love for dance and music.
